FOR DISNEYLAND—Andy Anderson, one of the owners of Arrow Development Co., Inc., of Mountain View, is shown installing a stack on one of the two "Casey Jr." engines the company is building for Walt Disney's Disneyland. The Mountain View firm has been awarded a contract to build the equipment for six of the children's rides to be set up in Disneyland's Fantasyland. The "Casey Jrs." are exact replicas of those seen in the cartoon, "Dumbo, the Flying Elephant."
